Subject: [Adminberen] Shuttle Update

Dear Students,

We are happy to announce that the inter-campus shuttle service between the Wilf and Beren campuses will resume [on Nov. 30th](#). The shuttle will be on a reservation basis for undergraduate students only, and will run on a limited schedule. We will be using a school bus – instead of our regular van – to provide for social distancing. We hope to continue service between campuses as long as ridership is consistent and health conditions permit. Students who reserve a seat on the shuttle and do not use the space, or who do not adhere to our safety protocols, will put the sustainability of the shuttle at risk. Additionally, for the safety of all concerned, riders will be required to strictly adhere to our COVID-19 rules detailed below. We also hope to continue to offer additional inter-campus transportation for some events as well.

Signing up

All undergraduate students can sign up for the shuttle using one of 2 different methods.

- MY YU app
 - Menu
 - Scroll down to “Campus Info” category
 - Tap “Shuttle (Inter-Campus)”
 - Sign In using “User Login”
 - Use your Inside Track credentials to login.
 - Follow the cues to register for the shuttle service

- Web Browser
 - Type in www.yushuttles.com
 - Menu
 - Scroll down to “Campus Info” category
 - Tap “Shuttle (Inter-Campus)”
 - Sign In using “User Login”

 - Follow the cues to register for the shuttle service.

Once a student reserves a spot on the shuttle, they will receive a conformation email which they will need to show the security officer upon entering the shuttle with their ID card.

Shuttle (BUS) Information

- Before entering the shuttle and during the duration of the ride, students will be required to wear a face mask.
- Students should sit in every other seat, so they are not directly next to, behind or directly across from someone.

 - Students can wait for the shuttle in the lounge of Morgenstern Residence Hall.
